

Dear Families,

We have some exciting news to share about how we are helping children come to school every day at Kemball School.

We are now working with a group called *Inclusive Attendance*. Together, we want to help every child come to school often and feel happy and supported.

We will be using a new plan that helps everyone—teachers, families, and children—know how to work together so children can come to school, learn, and get any help they need.

Our plan has 3 levels:

1. **Level 1** – This is for everyone. We help all children feel welcome and safe at school.
2. **Level 2** – If some children need a bit more help, we will give them extra support.
3. **Level 3** – If a child needs special help, we will make sure they get the right support and care.

We also have a new way of talking about attendance. Instead of using percentages, we will talk about how many days of school were missed. This makes it easier to understand why coming to school is important.

We will continue to celebrate everyone's hard work and special efforts. We want all children to feel proud of what they achieve.

We believe that when we all work together—children, teachers, and families—we can help everyone come to school and enjoy learning.

If you want to know more, you can visit our school website. If you have any questions, we are always happy to help.

Thank you!
